Statewide Voter Referendums on Constitutional Amendments

Fundamental right to reproductive freedom

Question: Should the Constitution of Virginia be amended to (i) protect the freedom to make personal decisions about prenatal care, childbirth, postpartum care, birth control, abortion, miscarriage management, and fertility care; (ii) protect doctors, nurses, and patients from being punished for these decisions; and (iii) allow for restrictions on access to abortion during the third trimester of pregnancy except when the patient's health is at risk or the pregnancy cannot survive?

Marriage between two adult persons; repeal of same-sex marriage prohibition.

Question: Should the Constitution of Virginia be amended to (i) remove the ban on same-sex marriage; (ii) affirm that two adults may marry regardless of sex, gender, or race; and (iii) require all legally valid marriages to be treated equally under the law?

Qualifications of voters; right to vote; persons not entitled to vote.

Question: Should the Constitution of Virginia be amended (i) to provide for the fundamental right to vote in the commonwealth, (ii) to revise the qualifications of voters so that a person convicted of a felony is not entitled to vote during his period of incarceration but is automatically invested with the right to vote upon release from incarceration, and (iii) to update the existing prohibition on voting by persons found to be mentally incompetent to instead apply to persons who have been found to lack the capacity to understand the act of voting?
